PREFACE.

THE present volume of the NEWPORT DIRECTORY is now issued about the usual time, and we have endeavored to make it as accurate as possible. Many changes have taken place during the past year, and by consulting the adjoining Index to Contents it will be seen that nearly everything of public interest is included in the pages of this book.

The system of *quoting* the names, instead of repeating them, which has been successfully applied to all of our Directories, is introduced in this volume, and meets with popular favor. It enables every one who has occasion to use the Directory (and who does not?) to find the name which they are searching for much more readily than under the old system, and the various ways of spelling names are shown more prominently.

The General Directory contains 7969 names, including 307 removals and 170 deaths. Eleven hundred and sixty-two (1162) of these names are new, and did not appear in the Directory of 1887. Seven hundred and thirty-two (732) names have been erased, and 1564 changes in business or location have occurred. The total number of changes made in compilation is nearly 4000. The list of Summer Residents at date of going to press is 517, which are not included in above calculation. The total *increase* in names of citizens who make Newport a home during most of the year is 430.

We are happy to say that our agents have met with courteous treatment from the public, and our thanks are especially due to many business men whose cards appear in the advertising department, who have thus given substantial aid to the work.

STREET DIRECTORY.

GIVING the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Broadway No. 220 is located, you look at Broadway upon page 22, and find that Gould Street runs from 202, and Park Street from 226, showing that 220 would come on the left, between Gould and Park Streets.

When a street crosses another, numbers (or ciphers) are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects. Ciphers are used where no numbers exist.

# The Northwestern Mutual Life Insurance Company,

## OF MILWAUKEE, WIS.

**C**OMMENCED business in 1858 without a dollar of capital subscribed, guaranteed, paid in, or otherwise, yet on the 1st of January, 1888, its assets were \$28,858,018.90, and its total liabilities, including the reserve required by laws of states (actuaries' 4 per cent), was \$24,816,129.72, with a net surplus over all liabilities (on 4 per cent. basis), \$4,041,889.18. Of the \$28,858,018.90 assets, \$24,211,495.86 are secured by mortgages that are first liens on real estate valued at \$78,016,066.77. No other company can show **six-sevenths** of its assets invested in loans on mortgages, which the **Fluctuations of the Stock Market Cannot Affect.**

During the 29 years since the Company commenced business it has paid to the representatives of its deceased policy-holders for death losses, . . . . . \$15,698,872.13

And to its living policy-holders for dividends, matured endowments, surrendered and lapsed policies, . . . . . 26,835,773.25

Total, . . . . . \$42,534,645.38

Add present assets, . . . . . 28,858,018.90

Amount paid to policy-holders and held for them, . . . . . \$71,392,664.28

Total premiums received, . . . . . 62,060,408.16

Excess of assets and payments to policy-holders over premium receipts, \$9,332,256.12

Thus it will be seen that the payments to policy-holders added to the present assets amount to over nine millions more than the entire premium receipts. No other company of its size or age has made such a record, nor can its equal be shown upon the same *ratio* by any company. The **NORTHWESTERN does No Business in GULF STATES or FOREIGN COUNTRIES**, confining its business to the healthy sections of the United States, and its new business has been for years more than double that of any other company working exclusively in the United States.

The rate of interest earned by the **NORTHWESTERN** during 1887 was 6.20% against 5.23% of the nine next leading companies. It cost the **NORTHWESTERN** for death losses in 1887 \$10.10 against \$14.50, the average of the nine next leading companies. During the last ten years the rate of interest earned has been **higher**, and the mortality experience **lower** in the **NORTHWESTERN**, than the average of the fifteen leading companies. From its **HIGH INTEREST** earned, and Low Mortality experience, the **NORTHWESTERN** has returned larger Dividends than any other company, and has published tables of the same for the last 17 years. For further information call on or address the undersigned, who for over 20 years has represented the **NORTHWESTERN MUTUAL LIFE INSURANCE CO.**
